

The Areas/Concentrations listed below are available. Those with an * appear in both Humanities and Social Sciences. Primary Concentrations in Plan A may be any of the listed fields below except as footnoted¹. Plan B Areas may be any of the listed fields. Plan A Secondary Concentrations may be any field listed in the catalog. The majority of courses selected determine the degree of either Humanities or Social Sciences. Advisors help students determine their degree based on students' selection of areas/concentrations and course history.

Humanities Areas and Concentrations

Economic Sciences	ECONS
History*	HISTORY
Human Development	H_D
Political Sciences	POL_S
Psychology	PSYCH
Sociology	SOC
Women's Gender, Sexuality, Studies*	WGSS

**In general, internship and practicum courses as well as S/F courses are limited to 6 credits and require advisor permission. The selected areas have further limitations within their respective departments.

*****Humanities and Social Science students are not permitted to certify a minor in their major areas or concentrations.**

¹ Students may NOT have a Plan A Primary Concentration with Administrative Studies. Typically, primary concentrations in ARCH, LND_ARCH, ID, and AMDT are not allowed due to the fact that students are not able to complete the 15 upper-level credits that are required for a Primary Concentration in these areas without a formal minor or major. IF students come in with 15 upper-level credits already complete in the above areas, other than Administrative Studies, then they're able to have any of the listed prefixes as Primary Concentration.
